

WINNING WAYS

Omaha Man Wins \$1 Million Powerball Prize

checking the winning numbers at nelottery.com. "I was pretty excited when I saw those numbers come up," said Reiners. "It made me very happy." He plans to save for retirement using his winnings.

The odds of winning \$1 million playing Powerball are 1 in 5,153,633, while the overall odds of winning any prize are 1 in 31.8.

The Pump & Pantry in Genoa also received a prize. Nebraska Lottery retailers receive a High Prize Seller's Bonus for selling winning high-tier Scratch and Lotto tickets. This bonus is 1% of the prize won, with a cap of \$50,000. Because Reiners purchased his winning ticket at their store, the Pump & Pantry received \$10,000.

Thomas Reiners of Omaha recently won \$1 million playing Nebraska Powerball.

While working in central Nebraska, Reiners stopped at the Pump & Pantry, 609 Willard Avenue in Genoa, and purchased a Powerball ticket for the August 7 drawing. The five-play quick pick ticket contained one play with all five of the winning white ball numbers (5, 25, 30, 58, 59) for a \$1 million prize.

Seven Nebraska Lottery players have won the \$1 million prize in Powerball since the game was modified on January 15, 2012.

While claiming his prize on August 13, Reiners told Nebraska Lottery officials that he learned he had won after

WINNERS

FUN FACT

The annual Super Bowl championship game was created as part of a merger agreement between the National Football League (NFL) and its then-rival league, the American Football League (AFL). To date, 47 Super Bowl games have been played since the first Super Bowl on January 15, 1967.

CAMO CASH SECOND-CHANCE GIVEAWAY

Play the new \$2 Camo Cash game and you could win up to \$15,000! If you don't win instantly in the game, you have a second chance to win in the Camo Cash Second-Chance Giveaway.

Between September 30 and December 1, MVP Club members at nelottery.com can enter their non-winning Camo Cash tickets for a chance to win \$300.

Two drawings will be held. The first drawing will be held on Monday, November 4 to award 5 winners. All entries received from September 30 until November 3 will be eligible. The second and final drawing will be held on Monday, December 2 to award 5 winners. All entries received from November 4 until December 1 will be eligible.

Grand Prize (10)
• \$300 Cash

How to Enter:

To enter, log in to your MVP Club account at nelottery.com then click the

"Contests" Button. The actual tickets from which numbers are submitted will be required for contest prize verification, and should be retained until the contest has ended and prizes have been awarded. Entries must be received by 11:59 p.m. CT on November 30.

Coming Soon: Powerball Pro Football Hall of Fame Promotion

Are you the ultimate pro football fan? Get a chance to meet your favorite pro football players and coaches this fall by playing Powerball.

Starting in November, buy \$10 worth of Powerball and you can enter to win a VIP Experience package to the Pro Football Hall of Fame's 50th Anniversary Fan Festival May 2 and 3, 2014. Winners will attend an Ultimate Tailgate Party with over 100 Hall of Fame players and coaches, and will have additional opportunities to win cash prizes during the event.

Complete contest details will be posted at nelottery.com before the promotion begins.

CROSSWORD CONTEST

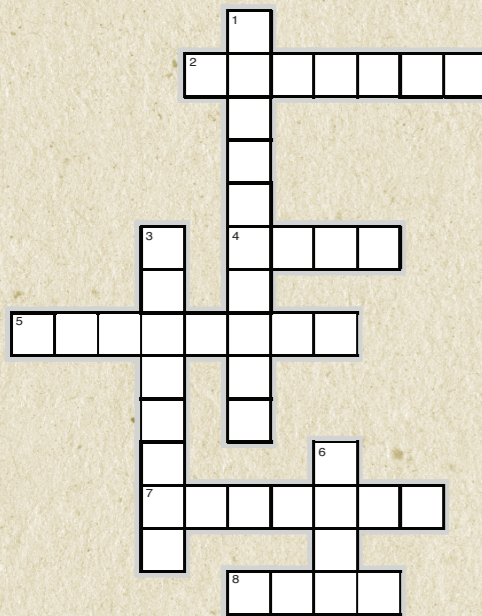

Enter to win up to \$56 in Lottery coupons.

Complete the crossword puzzle below, then mail* this entire page to Nebraska Lottery Times, P.O. Box 94878, Lincoln, NE 68509-4878.

At noon on the drawing day (January 10, 2014), we will draw 25 entries. For each word/phrase identified, those entries will receive one (1) coupon for a free \$1 Scratch ticket and one coupon for a \$1 free play of

each of the six Lotto games. That's the equivalent of \$7 worth of free tickets for each word/phrase identified—maximum total prize value \$56.

** ONLY ENTRIES SUBMITTED THROUGH THE MAIL WILL BE ELIGIBLE. ENTRIES ARE NOT OPENED BEFORE DRAWINGS AND SHOULD BE IN SEPARATE ENVELOPES. PLEASE DO NOT SEND ENTRIES WITH ANY OTHER CORRESPONDENCE.*

N NEBRASKA ENVIRONMENTAL TRUST

Preserving Natural Nebraska™

The Nebraska Environmental Trust was established in 1992 to conserve, enhance and restore the natural environments of Nebraska. It was created on the conviction that a prosperous future is dependent upon a sound natural environment, and that Nebraskans could collectively achieve real progress on real environmental issues if seed money were provided.

The Trust especially seeks projects that bring public and private partners together collaboratively to implement high-quality, cost-effective projects. The Trust values projects that leverage private investment in conservation and emphasize long-lasting results. Spending on approved projects is not to be a replacement for tax-funded projects or mandates and operations of government; it is used solely to carry out innovative ideas making Nebraska's good life even better. Applicants for Nebraska Environmental Trust grants must meet tightly drawn criteria for eligibility to assure public benefit and substantial environmental gains.

One example of a project supported by the Nebraska Environmental Trust is the REACH (Research Experience to Achieve Conservation of Habitat) by the Crane Trust. With core funding from the Nebraska

Environmental Trust, the Crane Trust recruited six college interns to start this summer under the guidance and tutelage of Crane Trust staff and other research/conservation partners. Under the new program, students will work and live at the Crane Trust's Wild Rose Ranch located on the Platte River in south-central Nebraska. Collaboration with other conservation partners will take them to a variety of locations in the state to broaden their range of experience and training.

"I couldn't be more excited about the new program and the long-term benefits for habitat conservation on the Platte," says Crane Trust Director of Science Dr. Mary Harner. "In essence, the REACH program combines hands-on training and field experience for college interns with the pressing need for targeted resources to evaluate and continually improve our conservation practices—and to communicate those outcomes with key audiences."

The Nebraska Lottery has provided over \$204 million dollars in lottery proceeds to the Nebraska Environmental Trust since 1993. For more information about the Nebraska Environmental Trust, visit their website at environmentaltrust.org.

THE LOTTERY TIMES

Mega Millions® Enhancements

FASTER-GROWING JACKPOTS WITH BETTER OVERALL ODDS.

Starting with the October 22, 2013, drawing, Mega Millions players will see changes that include larger starting jackpots, faster growing jackpots, a million-dollar second prize, and better odds of winning any prize—all for the same \$1 players now pay.

"Mega Millions is our newest Lottery game, and the upcoming changes will generate a lot of player interest," said Jim Haynes, Nebraska Lottery Director. "These enhancements should have one very exciting result: even larger jackpots. And the ticket prize will stay at just a \$1."

Players will notice that the minimum jackpot will increase from \$12 million to \$15 million, and jackpots will grow by at least \$5 million after each drawing in which the jackpot is not won.

Mega Millions drawings will still consist of five white balls and one gold Mega Ball®, for a total of six winning numbers. Under a new matrix, the number of white balls will increase to 75, and the number of gold balls (the Mega Ball) will decrease to 15. The result will be overall odds of just 1 in 15 to win any prize.

Here are some of the other enhancements that players will see:

- The prize structure will change. For example, the second prize will increase from \$250,000 to \$1 million for matching the first five numbers.
- The Megaplier®, a multiplier option which players can purchase for an additional \$1 to increase their non-jackpot prizes, will be expanded to include a five factor. That means a Mega Millions ticket can now win up to \$5 million without matching all six numbers.

With the upcoming changes to the Mega Millions game, the maximum number of Mega Millions multi-draws that can be purchased on a ticket has been reduced with each successive drawing starting on July 30, 2013. Once the final drawing (October 18, 2013) under the game's current matrix has taken place, it will again be possible to purchase multi-draw tickets for up to 24 consecutive drawings.

No Nebraskans have won the Mega Million jackpot to date, but there have been four winners who won \$1 million playing Mega Millions with the Megaplier option: Richard Evans of Lincoln; Herbert Carlin of Humboldt; Gerald and Robin Ritter of Fremont; and the Kramer family of Kimball.
