

ANNUAL REPORT

2024

ANNUAL REPORT AND RESOURCE GUIDE

July 1, 2023, through June 30, 2024

The Nebraska Lottery celebrated its 30th anniversary with new games, increased sales, and significant transfers back to our state. Lottery ticket sales during the fiscal year were \$221.5 million. Proceeds transferred to the beneficiary funds were \$55.3 million.

Other notable highlights from fiscal year 2024 included the launch of the Lotto America® game, and the success of the enhanced Nebraska Pick 5® game. 30 years of funding, fortune & fun were celebrated with a series of pop-up events across the state. And Scratch product changes reduced out-of-stock situations so players could always find their favorite games.

Finally, we continued a long-standing relationship with retailers, who received \$14.1 million in commissions during the fiscal year. Other highlights for the fiscal year include:

- Collected \$963,383 in state income taxes from prize winnings;
- Collected \$23,087 in unpaid taxes; and
- Collected \$19,750 in unpaid child support.

We look forward to continuing to serve the citizens of our state by providing them with quality entertainment, and by supporting good causes with Lottery proceeds. Together, we are Helping to Build a Better Nebraska®.

Brian Rockey, Lottery Director

GENERAL INFORMATION

The Nebraska Lottery sells \$1, \$2, \$3, \$5, \$10, \$20, and \$30 Scratch tickets, with prizes ranging from a free \$1 ticket up to \$300,000 cash. A variety of Scratch games were developed and offered during the course of the year.

The Nebraska Lottery sells Lotto (online) games such as Lotto America[®], Lucky for Life[®], Powerball[®], Mega Millions[®], 2by2[®], MyDaY[®], Nebraska Pick 3[®], and Nebraska Pick 5[®]. MyDaY, Nebraska Pick 5, and Nebraska Pick 3 are offered exclusively in Nebraska. Lotto America, Powerball, and 2by2 are operated on behalf of member lotteries by the Multi-State Lottery Association; and Lucky for Life and Mega Millions are operated by their member lotteries. Drawings for 2by2, Lucky for Life, and Nebraska-exclusive Lotto games are held every night. Lotto America and Powerball drawings are held three nights a week, and Mega Millions drawings are held twice per week. The price for a single play of most games is \$1, except for Lucky for Life, Mega Millions, and Powerball, which are \$2 per play. Lotto prizes range from a free ticket up to a multi-million-dollar jackpot.

Nebraska Lottery Scratch and Lotto game products, equipment, and services are provided by International Game Technology (IGT), which employs 40 people across Nebraska. Tickets and equipment are distributed from the IGT warehouse in Lincoln. The Nebraska Lottery contracts with Smith Kroeger of Omaha for advertising development and marketing-related services. Security and audit services are provided under contract with other Nebraska firms.

There are 22 Nebraska Lottery state employees providing accounting, marketing, communication, information technology, security, and general administrative services.

OPERATIONS

Nebraska Lottery Encourages Players to Know Your Limit

Gambling can be an enjoyable source of entertainment. However, for some people, it can lead to negative consequences. Learning about human behavior when we gamble will help most players avoid developing a serious addiction.

As part of fulfilling our responsible gaming plan, the Nebraska Lottery worked with the Problem Gambler's Assistance Program to develop a new responsible gaming tagline: Know Your Limit.

"Know Your Limit" reminders appear on lottery materials replacing the previous "Play Responsibly" tagline. And a new microsite at nelottery.com/knowyourlimit has additional tips for setting time and budget limits.

Warning Signs of Problem Gambling

1. You can't stop gambling, even when it's hurting you.
2. You bet money you can't afford to lose.
3. You bet other people's money.
4. You steal to bet.
5. Gambling is all you think about.
6. Gambling is the main way you escape.
7. Asking others to bail you out when you've gambled money away.
8. Lying about the time and money you spend gambling.
9. Gambling more after a loss to win back the loss.
10. Gambling is killing your relationships

30th Anniversary Blitz

Nebraska Lottery staff hit the road in September 2023 to share the fun and excitement of the Lottery's 30th Anniversary with players. Retailers in sixty towns across the state were visited September 11–26, and players were given t-shirts, koozies, and free samples of the \$5 30th Anniversary Celebration Scratch game. In addition to the impromptu store visits, a terminal promotion printed free Nebraska Pick 5 tickets randomly with Nebraska Pick 5 ticket purchases September 11–21. A total of 25,000 free tickets were given away, and 1,155 lottery retailers gave away at least one free ticket during the promotion.

OPERATIONS

Gaming Competitive Environment

Expanding gaming options, such as casinos and cash devices (skill games), impacted Nebraska Lottery sales during the fiscal year. Multiple casinos opened at horse racing tracks in Nebraska during the fiscal year. The first sports bets were accepted at casinos in June 2023 and brought in more than \$2.6 million in the first year.

Another form of gaming in the Nebraska market is cash devices. Many Nebraska Lottery retailers also offer cash devices, and their instant-win play style poses a threat to Scratch ticket sales. Scratch ticket sales decreased 4.85% in fiscal year 2024, a drop that can be attributed in part to the expansion of cash devices in our state.

The potential impact of casino gaming and cash devices on lottery sales and corresponding beneficiary transfers was indicated in a research survey conducted for the Nebraska Lottery in July 2024. 760 Nebraskans that engaged in gaming activities during the previous year were asked about the gaming activities they participated in, and their perceptions of each gaming activity. Of the respondents that played both casino games and lottery games on the same day, 57% said they would spend less on lottery games due to the availability of casino games. Similarly, 71% of players surveyed that played cash devices and lottery games on the same day said they would spend less on lottery games. The number who played both on the same day is relatively small, so additional research would be needed to see if this trend can be seen in the larger player population.

Additional study information showed that players view lottery products as quick, convenient, and easy to play. Respondents also agreed that the Nebraska Lottery benefits their communities and generates positive media coverage.

Courier services which charge a fee to maintain customer accounts for ticket purchases and redemptions have been active nationwide for many years, have also seen success in Nebraska. A lottery courier provides service to eligible customers with limited time or geographic access to retail locations. Two such independent businesses patronize Nebraska Lottery retailers on behalf of their customers.

LOTTO DEVELOPMENTS

Lotto America® Comes to Nebraska

The Nebraska Lottery joined the multi-state Lotto America Lotto game on May 19, 2024.

Lotto America is a \$1 Lotto game with a jackpot that starts at \$2 million and grows each time it is not won.

Players select five white ball numbers from 1 to 52 and one Star Ball® number from 1 to 10. To win the jackpot prize, players must match all six winning numbers. The second prize of \$20,000 can be won by matching all five white ball numbers. Other cash prizes range from \$1,000 to \$2. The All Star Bonus® option for an extra \$1 per play multiplies non-jackpot prizes won by 2, 3, 4 or 5 times.

To promote the launch of Lotto America, coupons for free \$2 Lotto America with All Star Bonus tickets were randomly printed with Powerball® purchases May 12 – 18. A total of 20,000 coupons were distributed, and 9,368 coupons were redeemed after the game launched on May 19.

Lotto America ticket sales between May 19 and June 30, 2024, were \$349,068.

Nebraska Pick 5 Thrives After Changes

Nebraska's game Nebraska Pick 5 continues to be a player favorite after changes were made to the game in August 2023. Sales of the game have increased, and with a jackpot that now rolls by \$10,000 the average jackpot won has grown.

On October 9, 2023, a \$370,000 Nebraska Pick 5 jackpot was won by a player in Benkelman—the largest jackpot ever won in the game's history. All this adds up to happy players and more money for good causes across our state.

LOTTO DEVELOPMENTS

Nebraska NASCAR® Powerball Playoff® Contestant Wins \$5,000

Joseph Medina of Franklin was the Nebraska Lottery's finalist for the 2023 NASCAR Powerball Playoff promotion. While he didn't win the grand prize, he took home \$5,000.

The 2023 NASCAR Powerball Playoff was a national promotion for participating Powerball lotteries. Each lottery held their own contests to select players that would have a chance to win a VIP trip to NASCAR Championship Weekend and a chance at \$1 million in a succession of national drawings.

On June 1, 2023, Joseph was drawn as one of 15 Nebraska Lottery winners who each took home \$1,000. Joseph then made it to the national round of 16 semi-finalists from around the country.

On September 16, 2023, at the Bass Pro Shops Night Race at Bristol Motor Speedway, broadcasters announced that Joseph had made it to the next round, along with 11 other contestants. And while he didn't make it through to the following round, he still got to walk away with a \$5,000 prize.

ePlayslips

In April 2024 an update to the Nebraska Lottery mobile app allowed users to generate ePlayslips to purchase Lotto games at lottery retailers. Players can select their own numbers or generate a quick pick for up to ten draws. ePlayslips can also be saved in the app to be used over again.

To generate a ticket using an ePlayslip, a retailer scans the QR code from the player's phone using the handheld scanner on the lottery terminal. A total of 1,280 transactions were made using ePlayslips in the first three months.

SCRATCH DEVELOPMENTS

Increased competition for entertainment dollars and changing consumer behaviors impacted Scratch ticket sales in fiscal year 2024. Scratch sales were \$110,921,385, a decrease of 4.85% over the previous year.

Truck\$ & Buck\$®

The 28th edition of \$2 Truck\$ & Buck\$ launched in May 2023 and ended in September 2024 with one unclaimed Ford F-150 truck.

The 2023 Truck\$ & Buck\$ game started strong with the first of eight trucks won in Lincoln on June 5, 2023. Four more trucks followed in North Platte, Kearney, Lincoln, and Lexington. The sixth truck was won by Dennis Odgaard of Columbus on December 5 shortly before the game sold out.

Almost two months later, the seventh truck winner came forward with his winning ticket. Lucas Swarthout of North Platte received his Ford F-150 on February 12, 2024. Swarthout bought himself a Truck\$ & Buck\$ ticket in fall 2023, put it in his glove box then promptly forgot about it. That's where it stayed until he found it by coincidence.

"I was cleaning out my glove box," Swarthout said. "I was looking for a VIN number on my other vehicle and found the ticket in there unscratched."

After the seventh truck was claimed and all remaining tickets were sold, the Nebraska Lottery closed the 2023 Truck\$ & Buck\$ game on March 22, 2024. No one claimed the final truck before the September 18 expiration date, so it was given away via the Lucky Drive promotion in October 2024.

Wheel of Fortune®

The Nebraska Lottery launched a fifth version of the Wheel of Fortune Scratch game in April 2024. The \$5 Scratch game features artwork from the legendary television series and three top prizes of \$50,000. A second-chance contest at nelottery.com ran between April 29 and July 30 and collected a total of 14,752 entries.

Madeena McAfee of Hayes Center won a trip package in the contest and traveled to Los Angeles in September 2024. The trip package included airfare, hotel stay, passes to see a live taping of Wheel of Fortune, tours of Sony Studios and Hollywood, and \$500 cash. Madeena also got to spin the big wheel during the Mega Money Maker Event and won \$40,000.

SCRATCH DEVELOPMENTS

Holiday Classic

Nebraska Lottery Scratch players had a classic little Christmas in 2023 with the Holiday Classic family of Scratch games. \$1 Holiday Classic 2X, \$5 Holiday Classic 10X, \$10 Holiday Classic 20X, and \$20X Holiday Classic 50X were designed with classic holiday scenes and had To: and From: areas on the front for easy gift giving.

Non-winning Holiday Classic tickets could be entered in the Holiday Classic Second-Chance Promotion for a chance to win \$1,000, \$5,000, \$10,000 or \$20,000. A total of 71,181 entries were received in the promotion between October 16, 2023, and January 3, 2024.

Pack Value Changes

During fiscal year 2024 changes were made to the pack sizes for \$10 and \$20 Scratch games. Most Scratch games have a pack value of \$300. However, with higher price point games, a pack value of \$300 results in packs with very few tickets that must be replaced frequently. By increasing the pack values for \$10 Scratch games to \$400 and \$20 Scratch games to \$600 per pack, out-of-stock situations have been significantly reduced, saving time for retailers and ensuring that players can always purchase their favorite games.

RETAILERS

The Nebraska Lottery sells Scratch and Lotto tickets through a retailer network of approximately 1,200 locations statewide. Nebraska Lottery retailers range from convenience stores and truck stops to supermarkets. Nebraska Lottery tickets may not be sold in establishments licensed for the consumption of alcohol. Players must be at least 19 years old to purchase and redeem Nebraska Lottery tickets.

Previous research among retailers found that carrying Lottery tickets is viewed as a customer service by 62% of retailers responding. Another 36% of retailers said they believe Lottery tickets are both a customer service and a profit center for their stores.

During the fiscal year, the Lottery processed 72 new retailer applications and 31 retailer changes of ownership. The statewide sales leaders for the fiscal year are listed here.

Scratch Top 20

1. Coffin's Corner, Grand Island
2. Baker's #300, Bellevue

20. Speedee Mart #2760, Papillion

BENEFICIARY SUPPORT

The Nebraska Lottery transferred a total of \$55.3 million in lottery proceeds to its beneficiary funds between July 1, 2023, and June 30, 2024.

Amendment 4, passed by Nebraska voters in November 2004, established the following distribution formula:

- Education (44.5%)*, as directed by the Legislature;
- Nebraska Environmental Trust Fund (44.5%);
- Nebraska State Fair (10%); and
- Compulsive Gamblers Assistance Fund (1%), plus the first \$500,000 in fund proceeds each fiscal year.

The total transfers to the funds between September 11, 1993, and June 30, 2024, were:

Education Innovation Fund	\$174,222,842
Nebraska Opportunity Grant Fund	\$100,929,476
Nebraska Environmental Trust Fund	\$425,880,378
Nebraska State Fair Support and Improvement Fund	\$76,161,492
Nebraska Education Improvement Fund*	\$169,189,056
Compulsive Gamblers Assistance Fund	\$21,745,905
Solid Waste Landfill Closure Assistance Fund (1993–1997)	\$18,460,996
General Fund Transfer (2004)	\$5,000,000
TOTAL	\$991,590,145

**LB 512, passed by the Nebraska Legislature, established the Nebraska Education Improvement Fund as the sole educational beneficiary as of June 30, 2016.*

NEBRASKA LOTTERY INDEPENDENT AUDITOR'S REPORT

State Tax Commissioner
Nebraska Department of Revenue, Lottery Division
Lincoln, Nebraska

Report on the Audit of the Financial Statements

Opinion

We have audited the financial statements of the business-type activities of the Nebraska Department of Revenue, Lottery Division (Nebraska Lottery), as of and for the year ended June 30, 2024, and the related notes to the financial statements, which collectively comprise the Nebraska Lottery's basic financial statements as listed in the Table of Contents.

In our opinion, the accompanying financial statements referred to above present fairly, in all material respects, the respective financial position of the business-type activities of the Nebraska Lottery, as of June 30, 2024, and the respective changes in financial position, and cash flows thereof for the year then ended in accordance with accounting principles generally accepted in the United States of America.

Basis for Opinion

We conducted our audit in accordance with auditing standards generally accepted in the United States of America (GAAS) and the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States. Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the Nebraska Lottery and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

Emphasis of Matter

As discussed in Note 1, the financial statements of the Nebraska Lottery are intended to present the financial position and the changes in financial position of only that portion of the business activities of the State that is attributable to the transactions of the Nebraska Lottery. They do not purport to, and do not, present fairly the financial position of the State of Nebraska as of June 30, 2024, and the changes in its financial position, or its cash flows thereof, for the year then ended in conformity with accounting principles generally accepted in the United States of America. Our opinion is not modified with respect to this matter.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Nebraska Lottery's ability to continue as a going concern for 12 months beyond the financial statement date, including any currently known information that may raise substantial doubt shortly thereafter.

Auditor's Responsibilities for the Audit of the Financial Statements

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and, therefore, is not a guarantee that an audit conducted in accordance with GAAS and *Government Auditing Standards* will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS and *Government Auditing Standards*, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Nebraska Lottery's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Nebraska Lottery's ability to continue as a going concern for a reasonable period of time.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Required Supplementary Information

Accounting principles generally accepted in the United States of America require that the Management's Discussion and Analysis, on pages 7-10 herein, be presented to supplement the basic financial statements. Such information is the responsibility of management and, although not a part of the basic financial statements, is required by the Governmental Accounting Standards Board who considers it to be an essential part of financial reporting for placing the basic financial statements in an appropriate operational, economic, or historical context. We have applied certain limited procedures to the required supplementary information in accordance with auditing standards generally accepted in the United States of America, which consisted of inquiries of management about the methods of preparing the information and comparing the information for consistency with management's responses to our inquiries, the basic financial statements, and other knowledge we obtained during our audit of the basic financial statements. We do not express an opinion or provide any assurance on the information because the limited procedures do not provide us with sufficient evidence to express an opinion or provide any assurance.

Other Information

Management is responsible for the other information included in the annual report. The other information comprises the statistical section but does not include the basic financial statements and our auditor's report thereon. Our opinion on the basic financial statements does not cover the other information, and we do not express an opinion or any form of assurance thereon.

In connection with our audit of the basic financial statements, our responsibility is to read the other information and consider whether a material inconsistency exists between the other information and the basic financial statements, or the other information otherwise appears to be materially misstated. If, based on the work performed, we conclude that an uncorrected material misstatement of the other information exists, we are required to describe it in our report.

Other Reporting Required by Government Auditing Standards

In accordance with *Government Auditing Standards*, we have also issued our report dated September 23, 2024, on our consideration of the Nebraska Lottery's internal control over financial reporting and on our tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements and other matters. The purpose of that report is solely to describe the scope of our testing of internal control over financial reporting and compliance and the results of that testing, and not to provide an opinion on the effectiveness of the Nebraska Lottery's internal control over financial reporting or on compliance. That report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering the Nebraska Lottery's internal control over financial reporting and compliance.

September 23, 2024

Matt Schochenmaier, CPA, CISA, CFE
Audit Manager
Lincoln, Nebraska

(The Nebraska Lottery has not included the Management's Discussion and Analysis (MD&A), the statistical information, and the Report on Internal Control over Financial Reporting and on Compliance and Other Matters, as noted above, in this annual report. The MD&A is required supplementary information that accounting principles generally accepted in the United States has determined is necessary to supplement, although not required to be part of, the basic financial statements. The Report on Internal Control over Financial Reporting and Other Matters is required by Government Auditing Standards. The MD&A, the Report on Internal Control over Financial Reporting and on Compliance and Other Matters, and statistical information can be obtained from the Nebraska Lottery or from the Auditor of Public Accounts (APA) audit report of the Nebraska Lottery found on the APA's website.)

The accompanying Notes to the Financial Statements are an integral part of this statement.

NOTES TO THE FINANCIAL STATEMENTS

For the Fiscal Year Ended June 30, 2024

1. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

A. Basis of Presentation

The accompanying basic financial statements of the Nebraska Department of Revenue, Lottery Division, (Nebraska Lottery) have been prepared in conformity with accounting principles generally accepted in the United States of America (GAAP), as applied to governmental units. As the Nebraska Lottery is a business-type activity, the financial statements presented are the financial statements required by Governmental Accounting Standards Board (GASB) Statement Number 34 for an enterprise fund. GASB is the accepted standard-setting body for establishing governmental accounting and financial reporting principles.

The basic financial statements have been prepared primarily from data maintained by the Nebraska Lottery on computer systems provided by the lottery-services vendor and from accounts maintained by the State Accounting Administrator of the Department of Administrative Services.

B. Reporting Entity

The Nebraska Lottery was created on February 24, 1993, by the Nebraska Legislature as a division of the Nebraska Department of Revenue (Department), established under and governed by the laws of the State of Nebraska. As such, the Nebraska Lottery is exempt from State and Federal income taxes. The financial statements include all funds of the Nebraska Lottery. The Nebraska Lottery is to provide an instant win and a random number selection on-line lottery. The net proceeds, as outlined in Neb. Rev. Stat. § 9-812 (Supp. 2023), are to be transferred to the Compulsive Gamblers Assistance Fund, the Nebraska Education Improvement Fund, the Nebraska Environmental Trust Fund, and the Nebraska State Fair Support and Improvement Cash Fund, a fund of the State Fair Board. The financial statements include only the Nebraska Lottery and are not intended to present the financial position of the Department or the results of operations and changes in net positions of the Department as a whole. The Department is part of the primary government for the State of Nebraska's reporting entity.

The Nebraska Lottery has also considered all potential component units for which it is financially accountable, including other organizations that are fiscally dependent on the Nebraska Lottery or whose relationship with the Nebraska Lottery is so significant that exclusion would be misleading or incomplete. GASB has set forth criteria to be considered in determining financial accountability. These criteria include appointing a voting majority of an organization's governing body, and (1) the ability of the Nebraska Lottery to impose its will on that organization, or (2) the potential for the organization to provide specific financial benefits to, or impose specific financial burdens on, the Nebraska Lottery. The Nebraska Lottery is also considered financially accountable if an organization is fiscally dependent on it, and there is potential for the organization to provide specific financial benefits to, or impose specific financial burdens on, the Nebraska Lottery, regardless of whether the organization has (1) a separately elected governing board, (2) a governing board appointed by a higher level of government, or (3) a jointly appointed board.

These financial statements present the Nebraska Lottery. No component units were identified. The Nebraska Lottery is part of the primary government for the State of Nebraska's reporting entity.

C. Measurement Focus, Basis of Accounting

The accounting and financial reporting treatment applied to a fund is determined by its measurement focus and basis of accounting. Basis of accounting refers to when revenues and expenses are recognized in the accounts and reported in the financial statements. Basis of accounting relates to the timing of the measurements made, regardless of the measurement focus applied.

The Nebraska Lottery's financial statements were reported using the economic resources measurement focus and the accrual basis of accounting. With the economic resources measurement focus, all assets and all liabilities associated with the operations are included on the Statement of Net Position. Revenues are recorded when earned, and expenses are recorded when a liability is incurred, regardless of the timing of related cash flows. Net Position includes restricted and unrestricted resources. The Nebraska Lottery's operating statements present increases (e.g., revenues) and decreases (e.g., expenses) in net position.

It is the policy of the State to spend restricted resources only when unrestricted resources are insufficient or unavailable. When both restricted and unrestricted resources are available for use, it is the Nebraska Lottery's policy to use unrestricted resources first, then restricted resources, as they are needed.

Revenues generated from the sale of lottery tickets are reported as operating revenues. Transactions that are capital financing, non-capital financing, or investing related are reported as non-operating revenues. All expenses related to operating the Nebraska Lottery are reported as operating expenses. All other expenses are reported as non-operating expenses.

Instant ticket revenue is recognized when tickets are sold to the retailer, and on-line revenue is recognized after the drawing is completed for the respective wagers. A 5.0% - 6.0% retailer commission and a prize expense are recognized at the same time. Revenues from the sale of on-line tickets for future drawings and the related agent commission and prize expense are deferred until the drawings are held.

Prize expense is recognized in the same period ticket revenue is recognized based on the predetermined prize structure for each game. Because the instant prize-winning tickets are randomly distributed throughout the tickets, and some winning tickets will be lost, destroyed, or unredeemed for other reasons, there will be differences between amounts accrued and the amounts actually paid. These differences, denoted as unclaimed prizes, are recognized as a reduction of prize expense 181 days after the close of each instant game and 181 days after each draw for on-line games, as prizes unclaimed for 180 days expire. Unclaimed prizes for the fiscal year ended June 30, 2024, totaled \$3,838,113.

The activities of the Nebraska Lottery are accounted for as an enterprise fund. Enterprise funds are used to account for governmental operations that are financed and operated in a manner similar to private business enterprises and where the governing body has decided that periodic determination of revenues earned, expenses incurred, and net position is appropriate.

D. Cash and Cash Equivalents

In addition to bank accounts and petty cash, this classification includes all short-term investments, such as certificates of deposit, repurchase agreements, and U.S. treasury bills. These short-term investments may have original maturities (remaining time to maturity at acquisition) greater than three months; however, cash is available and is considered cash and cash equivalents for reporting purposes. These investments are stated at cost, which at June 30, 2024, approximates market. Banks pledge collateral, as required by law, to guarantee State funds held in time and demand deposits.

Cash and cash equivalents are under the control of the State Treasurer or other administrative bodies, as determined by law. All cash deposited with the State Treasurer is initially maintained in a pooled cash account. On a daily basis, the State Treasurer invests cash not needed for current operations with the State's Investment Council, which maintains an operating investment pool for such investments. Interest earned on these investments is allocated to funds based on their percentage of the investment pool.

E. Budgetary Process

The State's biennial budget cycle ends on June 30 of the odd-numbered years. By September 15, prior to a biennium, the Nebraska Lottery and all other State agencies must submit their budget requests for the biennium beginning the following July 1. The requests are submitted on forms that show estimated funding requirements by programs, sub-programs, and activities. The Executive Branch reviews the requests, establishes priorities, and balances the budget within the estimated resources available during the upcoming biennium.

The Governor's budget bill is submitted to the Legislature in January. The Legislature considers revisions to the bill and presents the appropriations bill to the Governor for signature. The Governor may: a) approve the appropriations bill in its entirety; b) veto the bill; or c) line-item veto certain sections of the bill. Any vetoed bill or line item can be overridden by a three-fifths vote of the Legislature.

The approved appropriations will generally set spending limits for a particular program within the agency. Within the agency or program, the Legislature may provide funding from one to five budgetary fund types. Thus, the control is by fund type, within a program, within an agency.

Appropriations are usually made for each year of the biennium, with unexpended balances being reappropriated at the end of the first year of the biennium. For most appropriations, balances lapse at the end of the biennium.

All State budgetary expenditures for the enterprise fund type are made pursuant to the appropriations, which may be amended by the Legislature, upon approval by the Governor. State agencies may reallocate the appropriations between major objects of expenditure accounts, except that the Legislature's approval is required to exceed the personal service limitations contained in the appropriations bill. Increases in total appropriations must also be approved by the Legislature as a deficit appropriations bill.

Revenues are not budgeted.

F. Receivables

Receivables are reported net of estimated allowances for uncollectible amounts, which are estimated based upon past collection experience and current economic conditions.

G. Capital Assets

Capital assets include equipment that is valued at cost when historical records are available and at estimated historical cost when no historical records exist. Donated capital assets are valued at their estimated fair market value on the date received. Generally, equipment that has a cost in excess of \$5,000 at the date of acquisition and has an expected useful life of more than one year is capitalized. Computers are an exception to this policy and are capitalized if they have a cost in excess of \$1,500 and a useful life of more than one year.

Equipment is depreciated using the straight-line method over the estimated useful life of three to seven years.

H. Leases

The Lottery determines if an arrangement is a lease at inception. Long-term leases are included in Right-to-Use (RTU) Assets and RTU Lease Liabilities on the Statement of Net Position. RTU assets represent the Lottery's right to use an underlying asset for the lease term, and lease liabilities represent the Lottery's obligation to make lease payments. RTU assets and liabilities are recognized at the present value of lease payments over the lease term. The Lottery has elected to recognize payments for short-term leases, those with a lease term of 12 months or less, as an expense as incurred. These leases are not included as right to use assets or lease liabilities. The RTU assets are amortized over the shorter of the lease term or the underlying asset useful life.

I. Compensated Absences

All permanent employees working for the Nebraska Lottery earn sick and annual leave and are allowed to accumulate compensatory leave rather than being paid overtime. Temporary and intermittent employees are not eligible for paid leave. The liability has been calculated using the vesting method, in which leave amounts, for both employees currently eligible to receive termination payments and other employees expected to become eligible in the future to receive such payments upon termination, are included.

Nebraska Lottery employees accrue vested annual leave at a variable rate based on years of service. Generally, accrued annual leave cannot exceed 35 days at the end of a calendar year.

Employees accrue sick leave at a variable rate based on years of service. In general, accrued sick leave cannot exceed 180 days. There is no maximum limit on the accumulation of sick leave days for employees under certain labor contracts. Sick leave is not vested except upon either death or reaching the retirement eligibility age of 55, at which time the State is liable for 25 percent of the employee's accumulated sick leave. Employees under certain labor contracts can only be paid a maximum of 60 days.

The Nebraska Lottery's financial statements recognize the expense and accrued liability when vacation and compensatory leave is earned or when sick leave is expected to be paid as termination payments.

J. Use of Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities at June 30, 2024, and revenues and expenditures during the reporting period. Actual results could differ from those estimates.

2. DEPOSITS AND INVESTMENTS

Investment of all available cash is made by the State Investment Officer on a daily basis, based on total bank balances. These funds are held in the State of Nebraska Operating Investment Pool (OIP), an internal investment pool. Additional information on the deposits and investments portfolio, including investment policies, risks, and types of investments, can be found in the State of Nebraska's Annual Comprehensive Financial Report (ACFR).

3. CONTINGENCIES AND COMMITMENTS

Risk Management. The Nebraska Lottery is exposed to various risks of loss related to torts, theft of, damage to, or destruction of assets, errors or omissions, injuries to employees, and natural disasters. The Nebraska Lottery, as part of the primary government for the State, participates in the State's risk management program. The Nebraska Department of Administrative Services is responsible for maintaining the insurance and self-insurance programs for the State. The State generally self-insures for general liability, motor vehicle liability and physical damage, employee health care, employee indemnification, and workers' compensation. The State has chosen to purchase insurance for:

- A. Life insurance for eligible employees.
- B. Crime coverage, with a limit of \$11,000,000 per occurrence and a deductible of \$1,000,000 per occurrence subject to specific conditions, limits, and exclusions.
- C. Real and personal property on a blanket basis for losses up to \$200,000,000, with an all other perils deductible of \$1,000,000 per loss occurrence. Newly acquired properties are covered up to \$10 million for 90 days. If not reported after 90 days, the property is covered for \$5 million under the miscellaneous unnamed location coverage. There is a wind and hail limit on the real and personal property of \$76,250,000. This coverage does not apply ground up. The perils of flood, earthquake, and acts of terrorism have various coverage, sub-limits, and self-insurance. State agencies have the option to purchase building contents and inland marine coverage.

Details of the various insurance coverages are available from the Nebraska Department of Administrative Services – Risk Management Division.

No settlements exceeded commercial insurance coverage in any of the past three fiscal years. Workers' compensation is funded in the Workers' Compensation Internal Service Fund through assessments on each agency based on total agency payroll and past experience. Tort claims, theft of, damage to, or destruction of assets, errors or omissions, and natural disasters would be funded through the State General Fund or by individual agency assessments, as directed by the Legislature, unless covered by purchased insurance. No amounts for estimated claims have been reported in the Nebraska Lottery's financial statements. Health care insurance is funded in the Insurance Trust Funds through a combination of employee and State contributions.

Litigation. The potential amount of liability involved in litigation pending against the Nebraska Lottery, if any, could not be determined at this time. However, it is the Nebraska Lottery's opinion that final settlement of those matters should not have an adverse effect on the Nebraska Lottery's ability to administer current programs. Any judgment against the Nebraska Lottery would have to be processed through the State Claims Board and be approved by the Legislature.

4. STATE EMPLOYEES RETIREMENT PLAN (PLAN)

The single-employer Plan became effective by statute on January 1, 1964. The Plan consists of a defined contribution option and a cash balance benefit and is administered by the Nebraska Public Employees Retirement Systems. The cash balance benefit is a type of defined benefit plan. Each member employed and participating in the retirement system prior to January 1, 2003, elected either to continue participation in the defined contribution option or to begin participation in the cash balance benefit. The defined contribution option is closed to new entrants. All new members of the Plan on and after January 1, 2003, become members of the cash balance benefit. The benefits and funding policy of the Plan is established and can only be amended by the Nebraska Legislature.

All permanent full-time employees are required to begin participation in the retirement system upon employment. All permanent part-time employees, who have attained the age of 18 years, may exercise the option to begin participation in the retirement system.

Contribution. Per statute, each member contributes 4.8% of his or her monthly compensation. The Nebraska Lottery matches the member's contribution at a rate of 156%. The employee's and employer's contributions are kept in separate accounts.

The employee's account is fully vested. The employer's account is fully vested after a total of three years of participation in the system, including credit for participation in another Nebraska governmental plan prior to actual contribution to the Plan.

Defined Contribution Option. Upon attainment of age 55, regardless of service, the retirement allowance is to be equal to the sum of the employee and employer accounts. Members have several forms of payment available, including withdrawals, deferrals, annuities, or a combination of these.

Cash Balance Benefit. Upon attainment of age 55, regardless of service, the retirement allowance shall be equal to the accumulated employee and employer cash balance accounts, including interest credits, annuitized for payment in the normal form. The normal form of payment is single life annuity with five-year certain, payable monthly. Members have the option to convert their member cash balance account to a monthly annuity with built in cost-of-living adjustments of 2.5% annually. Also available are additional forms of payment allowed under the State Plan that are actuarially equivalent to the normal form, including the option of lump-sum or partial lump-sum.

For the fiscal year ended June 30, 2024, employees contributed \$68,667, and the Nebraska Lottery contributed \$107,121. A separate plan report is issued by and can be obtained from the Nebraska Public Employees Retirement System. This report contains full pension-related disclosures.

The State of Nebraska Annual Comprehensive Financial Report (ACFR) also includes pension-related disclosures. The ACFR report is available from the Nebraska Department of Administrative Services – Accounting Division or on the Nebraska Auditor of Public Accounts' website at auditors.nebraska.gov.

5. RECEIVABLES

Retailers comprised principally of grocery stores, convenience stores, and off-sale liquor stores serve as the primary distribution channel for lottery sales to the general public. Retailers must pay for instant lottery tickets 45 days after activation or when the pack is 70% validated, whichever comes first. Retailers pay for on-line tickets each Wednesday for balances due through the previous Saturday. The retailers' accounts receivable is net of allowance for uncollectible in the amount of \$101,987.

Accounts Receivable:

Retailers (net)	\$7,686,462
Other	48,437
Total	<u>\$7,734,899</u>

6. CAPITAL ASSETS

Capital asset activity for the year ended June 30, 2024, was as follows:

	Beginning Balance (As Restated)	Increases	Decreases	Ending Balance
Capital Assets: Furniture, Fixtures, and Equipment (FFE)	\$726,611	\$13,607	-	\$740,218
Right to Use (RTU) Lease Asset	1,211,941	-	-	1,211,941
Less: Accumulated Depreciation (FFE)	621,935	60,183	-	682,118
Less: Accumulated Amortization (RTU)	148,145	75,985	-	224,130
Total Capital Assets, Net	\$1,168,472	(122,561)	-	\$1,045,911

Combined depreciation and amortization expense for the fiscal year ended June 30, 2024, was \$136,168.

7. ON-LINE GAMES

During the fiscal year ended June 30, 2024, the Nebraska Lottery offered a variety of on-line games, as described below.

Game Name	Administered by	Nebraska's Share of Prize Reserves
Powerball®	MUSL	\$1,259,928
Nebraska Pick 5®	Nebraska Lottery	N/A
Nebraska Pick 3®	Nebraska Lottery	N/A
MyDaY®	Nebraska Lotter	N/A
Mega Millions®	MUSL	833,526
2by2®	MUSL	88,705
Lucky for Life®	MUSL	N/A
Lotto America®	MUSL	N/A
	Total:	\$2,182,159

The Nebraska Lottery is a member of the Multi-State Lottery Association (MUSL), which operates games on behalf of participating state lotteries. Each MUSL member sells on-line game tickets through its agents and makes weekly payments to MUSL in an amount equal to each game's prize structure, less amounts retained for prizes paid directly to the winners by each member lottery. MUSL maintains prize reserve funds on some of the games to serve as a contingency reserve to protect from unforeseen prize liabilities. The money in these reserve funds is to be used at the discretion of the MUSL Board of Directors. The prize reserve funds are refundable to MUSL members if MUSL disbands or if a member leaves MUSL. Members leaving MUSL must wait at least one year before receiving their remaining share of the prize reserve funds.

In addition, the Nebraska Lottery has \$829,613 held by MUSL, reported on the Statement of Net Position as Reserves on Deposit (Current), which can be used to pay the Nebraska Lottery's portion of MUSL's operating budget, any MUSL legal expenses, and other expenses incurred by MUSL. These funds are not tied directly to any MUSL game.

The Powerball and Mega Millions grand prizes can be paid either as annual installments or as a lump sum cash payment, depending on the selection of the winner when claiming the prize. If the winner selects annual installments, MUSL purchases bonds, which are held in trust to fund the future installments. Maturities are staggered in order to provide adequate cash flow for each installment. MUSL is responsible for paying amounts owed to the grand prize winners. The assets and related liabilities are reflected in MUSL's financial statements and, therefore, are not reflected in the Nebraska Lottery's financial statements.

The Lucky for Life top two prize levels can be paid either through annuity payments for the life of the winner or as a lump sum cash payment, depending on the selection of the winner when claiming the prize. If a Nebraska winner selects the annuity, the Nebraska Lottery has a contract with MUSL so that MUSL will secure bids from financial services companies to provide the annual payments directly to the winner. Each participating jurisdiction contributes a proportionate share to fund the annuity or lump sum payment. During this fiscal year, there were four second-tier winners. There was only one annuity as the other winners chose the cash option or the prize expired.

8. NONCURRENT LIABILITIES

Changes in noncurrent liabilities for the year ended June 30, 2024, are summarized as follows:

	Beginning Balance	Increases	Decreases	Ending Balance	Amounts Due Within One Year
Compensated Absences	\$294,722	\$71,785	\$38,314	\$328,193	\$45,947
Lease Liability	1,076,996	-	69,848	1,007,148	70,735
Total	\$1,371,718	\$71,785	\$108,162	\$1,335,341	\$116,682

9. SIGNIFICANT COMPLIANCE REQUIREMENTS

Article III, § 24, of the Nebraska Constitution sets out the basic requirements for the transfer of lottery proceeds to certain beneficiary funds, specifying that a portion of those revenues are to "be used for education as the Legislature may direct[.]"

Neb. Rev. Stat. § 9-812(2) (Supp. 2023) offers the following legislative directive for the transfer of lottery proceeds:

A portion of the dollar amount of the lottery tickets which have been sold on an annualized basis shall be transferred from the State Lottery Operation Trust Fund as provided in subsection (3) of this section. The dollar amount transferred pursuant to this subsection shall equal the greater of (a) the dollar amount transferred in fiscal year 2002-03 or (b) any amount which constitutes at least twenty-two percent and no more than twenty-five percent of the dollar amount of the lottery tickets which have been sold on an annualized basis. To the extent that funds are available, the Tax Commissioner and director may authorize a transfer exceeding twenty-five percent of the dollar amount of the lottery tickets sold on an annualized basis.

Additionally, § 9-812(3) provides these further instructions:

Of the money available to be transferred as provided in this subsection:

- (a) The first five hundred thousand dollars shall be transferred to the Compulsive Gamblers Assistance Fund to be used as provided in section 9-1006;*
- (b) Forty-four and one-half percent of the money remaining after the payment of prizes and operating expenses and the initial transfer to the Compulsive Gamblers Assistance Fund shall be used for education and transferred pursuant to section 79-3501;*
- (c) Forty-four and one-half percent of the money remaining after the payment of prizes and operating expenses and the initial transfer to the Compulsive Gamblers Assistance Fund shall be transferred to the Nebraska Environmental Trust Fund to be used as provided in the Nebraska Environmental Trust Act;*
- (d) Ten percent of the money remaining after the payment of prizes and operating expenses and the initial transfer to the Compulsive Gamblers Assistance Fund shall be transferred to the Nebraska State Fair Board if the most populous city within the county in which the fair is located provides matching funds equivalent to ten percent of the funds available for transfer. Such matching funds may be obtained from the city and any other private or public entity, except that no portion of such matching funds shall be provided by the state. If the Nebraska State Fair ceases operations, ten percent of the money remaining after the payment of prizes and operating expenses and the initial transfer to the Compulsive Gamblers Assistance Fund shall be transferred to the General Fund; and*
- (e) One percent of the money remaining after the payment of prizes and operating expenses and the initial transfer to the Compulsive Gamblers Assistance Fund shall be transferred to the Compulsive Gamblers Assistance Fund to be used as provided in section 9-1006*

Neb. Rev. Stat. § 79-3501(1) (Supp. 2023) states:

For fiscal years through fiscal year 2023-24, the money available to be used for education pursuant to subdivision (3)(b) of section 9-812 shall be transferred to the Nebraska Education Improvement Fund.

As required under its enabling legislation, transfers of \$55,324,273 were made to other funds during the fiscal year.

The Nebraska Lottery develops game structures to comply with the minimum prize provision of its enabling legislation, which requires a minimum of 40 percent to be paid in prizes.

The Nebraska Lottery compares the social security number of each winner who has a per-wager prize in excess of \$500 against a list of social security numbers having an outstanding State tax liability or delinquent child support payments. Any delinquent payments are withheld from winnings and forwarded to the appropriate State agency. During the fiscal year, the Nebraska Lottery collected \$23,087 in delinquent State taxes and \$19,750 in delinquent child support payments.

Operating Transfers In/Out will not balance, and Due To/From Other Funds will not balance, within the Nebraska Lottery's financial statements, as the Nebraska Lottery represents only part of the State's primary government.

10. UNRESTRICTED NET POSITION

The Nebraska Lottery's unrestricted net position represents funds not legally restricted for any specific purpose; however, the funds may be used only to fund additional prize pay-outs, transfers to the beneficiary funds, or additional operating expenses of the Nebraska Lottery. Management's intention is to use the unrestricted net position to fund additional prize pay-outs, retailer incentives, and other game enhancements.

11. LEASES

The Nebraska Lottery leases office space at 137 NW 17th Street in Lincoln, Nebraska. The current lease contains extensions that can be exercised providing the opportunity to go through June 2037. As of June 30, 2024, the value of the Right to Use Lease Asset was \$1,211,941, and the related accumulated amortization was \$224,130. The lease arrangement requires payments for utility and janitorial services that are excluded from the lease liability calculation as non-lease components. Below is the principal and interest payment disclosure requirement for this lease.

<u>Fiscal Period</u>	<u>Principal</u>	<u>Interest</u>	<u>Total</u>
2025	\$70,735	\$12,237	\$82,972
2026	71,634	11,338	82,972
2027	72,544	10,428	82,972
2028	67,575	9,546	77,121
2029	70,023	8,674	78,697
2030–2034	388,404	29,209	417,613
2035–2037	<u>266,233</u>	<u>4,981</u>	<u>271,214</u>
Total	<u>\$1,007,148</u>	<u>\$86,413</u>	<u>\$1,093,561</u>
