of increasing the size of the average jackpot while still making it easier to win other prizes.

In partnership with over 1,200 Nebraska Lottery retailers, we will continue to fulfill our mission of supporting good causes in our state. The most recent beneficiary transfer, made at the end of September, brought the total amount provided to Nebraska Lottery beneficiaries to just over \$326 million since 1993, a figure we can all be proud of. Together, we are truly Helping to Build a Better Nebraska.

THE NEWSLETTER FOR NEBRASKA LOTTERY RETAILERS

# ticket talk

**retailers make the difference**

by Jim Haynes,  
Lottery Director

As our 15th Anniversary year winds down, I'd like to take this opportunity to thank our retail partners for their support over the last 15 years. Nebraska Lottery retailers are the public face of our organization, providing our players with their favorite games and informing them of the latest news and promotions from the Nebraska Lottery.

Recently, I had the opportunity to recognize our top 50 retailers that have continuously sold Nebraska Lottery products since the lottery began in 1993. It was a great chance to meet some of the people who are working every day to build a better Nebraska. We appreciate all the efforts of our retail partners, and look forward to our continuing partnership.

Another form of retailer recognition this year was through the Win a Windshirt clerk promotion. Retailers were asked to reach specific sales goals for selling the 15th Anniversary Spectacular Scratch game and Nebraska Pick 5, and stores that reached both goals during the promotion received Nebraska Lottery windshirts for their store. A listing of stores that received windshirts is included in this edition of Ticket Talk. Thank you to all the lottery selling clerks who participated in the promotion.

Looking forward to the New Year, we will continue to provide our customers with the quality entertainment options that they have come to expect from the Nebraska Lottery. Response to the new MyDaY Lotto game has been positive. There have been six \$5,000 top prize winners since the game was launched on October 1, and we anticipate that the popularity of the game will continue to increase as time goes on. Changes to the Powerball prize matrix by the Multi-state Lottery Association will occur on January 4, 2009, with the aim

**powerball changes**

The Multi-state Lottery Association, operator of Powerball, the world's best known jackpot lottery game, will be making improvements to the game with the addition of Florida in January.

By adding some white ball numbers and removing some red ball numbers, Powerball officials aim to increase the size of the average jackpot won while still making it easier to win other prizes. The white ball side will move from 55 to 59, while the red ball side will fall from 42 to 39. The jackpot odds will be increased to 1 in 195.2 million, while the overall odds of winning any prize will be dropped to 1 in 35.1. Additionally, the starting jackpot will increase from \$15 million to \$20 million, the world's largest starting lotto game jackpot, and the Match 5 prize with the Power Play option will have a guaranteed 5X multiplier, pushing the second prize to \$1 million.

For additional information on the Powerball changes, refer to the sales sheet or contact your LSR.

## jackpot winners

### Grand Island Woman Wins Second Nebraska Pick 5 Jackpot

Wanda Sargent of Grand Island won \$62,000 playing Nebraska Pick 5 from the Nebraska Lottery.

Sargent is a regular Nebraska Pick 5 player and previous winner who won a \$66,000 jackpot in May 2007. Each week, she purchases two six-draw Nebraska Pick 5 tickets. For the August 1 drawing, she purchased her tickets at Skagway, 1607 South Locust Street in Grand Island. One ticket contained a quick-pick play that matched all five of the winning numbers (5, 9, 14, 16, 18) from the August 1 drawing for a corresponding prize of \$62,000.

While claiming her prize on August 5, Sargent told Nebraska Lottery officials that she learned she had won the jackpot after seeing the winning numbers on the KHAS television news. After watching the broadcast, Sargent told her husband, "I think those are my numbers. I can't believe it - I did it again." Sargent has no definite plans for her winnings, but they might include building a new workshop for her husband. The odds of winning the Nebraska Pick 5 jackpot are 1 in 501,942, while the overall odds of winning a prize in the game are 1 in 8.

### Lincoln Man Wins \$10,000 Playing \$10,000 Table Stakes

Ryan Buck of Lincoln won \$10,000 playing the \$2 Scratch game \$10,000 Table Stakes from the Nebraska Lottery.

Buck purchased his winning \$10,000 Table Stakes ticket at Kwik Shop, 2330 North First Street in Lincoln. The ticket contained two matching "chip" symbols with a corresponding prize of \$10,000.

While claiming his prize on August 20, Buck told Nebraska Lottery officials that this was the first time he had purchased \$10,000 Table Stakes tickets. He stated that he was "shocked" to learn he had won the \$10,000 top prize and that he "had to look at the ticket several times" before he realized he had won. Buck plans to purchase a car and pay bills using his winnings. The odds of winning the \$10,000 top prize in \$10,000 Table Stakes were 1 in 240,000, while the overall odds of winning any prize were 1 in 3.79.

Ten winners are selected each month. Be sure your store is entered. See the crossword puzzle and entry form on the next page.

## new lotto game

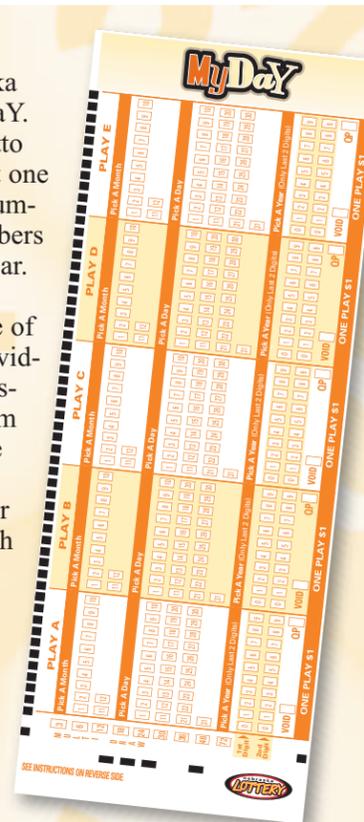

On Wednesday, October 1, the Nebraska Lottery launched a new Lotto game: MyDaY.

MyDaY is a new Nebraska Lottery Lotto game with a calendar theme. Players select one number from 1 to 12 for the Month, one number from 1 to 31 for the Day, and two numbers from 0 to 9 for the last two digits of the Year. Each MyDaY play will cost \$1.

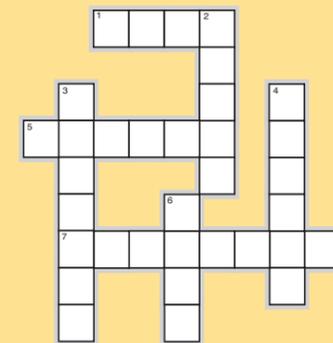

"The MyDaY game is another example of the Nebraska Lottery's commitment to providing quality entertainment options to our customers," said Nebraska Lottery Director Jim Haynes. "We believe MyDaY will resonate with Nebraska Lottery players since it was developed with their input and reflects their preferences. Additionally, by offering a fifth Lotto game, we are continuing our support for good causes such as the environment, education, the Nebraska State Fair, and compulsive gamblers assistance."

In December 2006, the Nebraska Lottery conducted a web-based survey to test various concepts for a new Lotto game. The survey was conducted through the Nebraska Lottery website, nelottery.com. The survey asked respondents' impressions of everything ranging from a game's matrix (how many numbers are drawn) to its prize structure, and from a game's play style to drawing frequency. Results were used to examine various game concepts, and led to the decision to introduce MyDaY as the fifth Lotto game offered by the Nebraska Lottery.

Prizes in MyDaY range from \$1 to \$5,000. The overall odds of winning any prize in MyDaY are 1 in 8.17.
